SAUSAGE

Our sausages are produced by certified butcher Johannes Lukas at his small farm shop in Unterpleichfeld near Würzburg.

None of the products rely on artificial flavours, enhancers or factory farming. They are locally sourced and (almost) farm to table.

Our sausages are boiled and served traditionally with german bread^A, yellow mustard^K and freshly grated horseradish.

PLANTBASED

Both of our vegan options are produced by the traditional butcher shop of the Bauch family right here in Munich.

The vegan „Leberkäs“ is made from pea protein and served with bavarian potato salad, yellow and sweet bavarian mustard as well as freshly grated horseradish.

Our „Vurstsalat“ is a vegan version of german meat salad. Its main protein is sunflower based and it is prepared in classic bavarian fashion with pickles and onions.
